Maybe even better than free.

Simply upload your file and share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps. So try our free and simple filehosting service now. File is free to use with no gotchas andno hidden fees. It is also allowed to link to the download page from websites and communities. You can give this download link to your friends by mail orinstant messenger. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You decide who you want to share yourfiles with. Using file, you can circumvent those limits without paying to upgrade your team chat service. No account or credit card is required to get started.Files can be downloaded from any computer from our high speed servers. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. filehosting provides an easy possibility for you to send large files to your friends. Unfortunately, we can't make that part free. Ourservice is completely free for everyone. Just upload the file you want to share with your friends and we send you a download link to your file. You don't needany special software installed to be able to download your files. There are no restrictions on the number of times a file can be downloaded. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. You can upload any type of file (movies, music, documents, images, zip files and more). Keep your files private, or sendyour download links only to friends or family. Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliable filehosting! Youdon't need any kind of premium-accounts. The cost of that data transfer is covered by your internet service or the data plan on your phone. If only we could, wesurely would! On the other hand, using file can actually save you money. We have no file size limit. Files transferred the old-fashioned way tend to pile up andbe forgotten about, eventually costing you money in data storage fees.
